

2019 AGM

Guest Speaker
Steve Green

CEO of Beyond Earth Resources
and Director of JBS&G

"ISRU – Space jargon & Australia's niche"

Steve Green is a "lapsed" physicist with a 30-year apprenticeship in the resources industry in a range of senior executive roles within BHP and other companies. Join us to hear more about In Situ Resource Utilisation (aka Asteroid Mining), the role that Steve's company Beyond Earth Resources is intending to play, and why the space sector company is starting to become more broadly known.

Date: Tuesday 27th August 2018
Venue: Waverly House, 360 South Tce,
Adelaide, SA
